# PERCEPTIONS®

## FINISHING BORDERS

### Perceptions Designer Wall Base

Achieve the look of Millwork with a cost similar to standard wall base. Perceptions offers more than 115 colors and five standard profiles designed to coordinate with our Millwork Wall Finishing System. So adding architectural flair has never been easier (or more cost-effective).

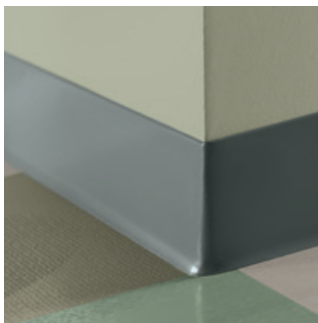

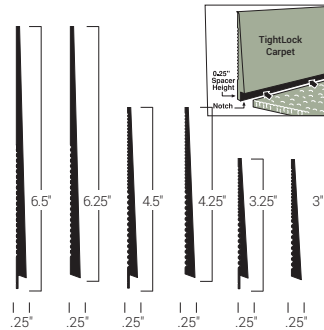

# TIGHTLOCK® WALL BASE SYSTEM

## Lock It

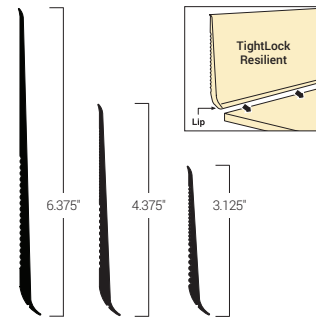

When we say TightLock® Carpet Base comes first, it really does. Its notched design allows it to be installed before the carpeting and carpet tile, and remain in place when changing out the flooring too. This saves time and money on re-installation and wall repairs. Plus, this durable, high-performance base can stay in place longer, making it a more sustainable choice. Also available in a Resilient Base, TightLock provides a cove base look with a more subtle radius. With a unique tapered design, the resilient base accommodates any commercial flooring and delivers a tight, clean, finished appearance year after year.
